	Delete	End	PageDn
Shift:	Kill Region		
Ctrl:	Kill Word	Bottom	Scroll Right
S & C:	Kill Whole Line		

Num Lock	/ Print	* Fame	- UnixShell Gold Key
7	8 Line to top	9	+ Exchange Point & Mark
4	5 Recenter	6	Set Mark
1	2 Line to bot	3 Go to Line	Enter
0 Repeat last cmd	.		

A few useful bindings:

C-g	Quit! (stop current command)
C-k	Kill to end of line
C-s	Incremental search
M-g M-g	Go to line
M-q	Fill Paragraph
M-x	Execute an emacs command
M-z	Zap to character

The Left Alt key is reserved for Windows.
The Right Alt key is the "Meta" key.

In the charts above,

Underline indicates Shift Key

Italic Font indicates Control key

If **NumLock** is **on**, numeric keys produce numbers (3 => "3")

If **NumLock** is **off**, numbers execute standard movement (3 => PageDn)

Shfited numbers execute special RSMA commands (3 => Go to Line)
